

Remote Sensing of Active Faults, Himalayan Tectonics and Earthquakes

by Dr. V. C. Thakur (Former Director, Wadia Institute of Himalayan Geology)

Dr. V. C. Thakur is well known for his research contribution made in understanding tectonics of the Himalaya and active tectonics related to earthquake geology. He has published over 130 research papers in national and international journals (Citations Web of Science - 1240, H index - 20) and authored a book on "Geology of Western Himalaya" published by Pergamon Press, Oxford. He was the Member, Editorial Board of the journal "GEOLOGY" of Geological Society of America (1987-1989); Consulting Editor, Editorial Board, "Transactions of Royal Society," Edinburgh, U.K. (1991-2000); Chairman, Himalaya Coordinating Committee of International Union Geological Sciences. He is the recipient of National Mineral Award of Govt. of India (1984) and Fellow, Indian Academy of Sciences (1991). Currently, he is the Co-PI of a project sponsored by Ministry of Earth Sciences.
